

## The Ohio Manufacturing Alliance to Fight COVID-19

### Protecting Against COVID-19

*The Ohio Manufacturing Alliance, a public-private partnership, was created to repurpose and retool equipment to manufacture personal protective equipment (PPE) for frontline healthcare workers and first responders and to permanently strengthen supply chains. It will coordinate with state, regional, and national efforts to promote speed and efficiency.*

Things to know about the initiative:

- It brings together manufacturers and health care providers, JobsOhio, the Department of Administrative Services, Development Services Agency, Department of Health (ODH,) and other agencies to address the need for PPE in Ohio in a collaborative way.
- The current focus is on knocking down barriers to providing much-needed PPE and connecting manufacturers with the information, materials, and engineering expertise they need to repurpose and retool quickly.
- Some manufacturers already are making PPE, but the demand is so high that more companies, of all sizes, are needed to participate.
- The challenges of repurposing and retooling to make protective equipment are vast. It would normally take nine months to a year to get ready to launch a new product. Through collaboration, the Alliance will help manufacturers launch new products within weeks.
- The Ohio Office of Budget and Management has approved \$5 million for the initiative. PPE will be purchased from manufacturers for the ODH stockpile and distributed to healthcare providers.
- Manufacturers must meet production retooling, product timing, quality, and quantity criteria to participate and will be asked to complete an Invitation to Bid.
- Manufacturers can visit [repurposingproject.com](http://repurposingproject.com) to learn more. There is a short survey on the site to complete before getting started. Questions can be sent to [repurposingproject@ohiomfg.com](mailto:repurposingproject@ohiomfg.com).

- To prepare to do business with the state, manufacturers can sign up and register as a supplier on the Supplier Portal at [supplier.ohio.gov](https://supplier.ohio.gov). For assistance, contact Ohio Shared Services at 1-877-644-6771 or [ohiosharedservices@ohio.gov](mailto:ohiosharedservices@ohio.gov).
- FAQs on the Alliance can be found [here](#). FAQs on working with the state as part of this project can be found [here](#).

DAS also is procuring various types of needed PPE from Ohio, other domestic, and international sources to help meet the needs of Ohio healthcare providers. If you have ready-made PPE products to sell to the state, please send an email to [together@governor.ohio.gov](mailto:together@governor.ohio.gov).

Offers of donated PPE items also can be sent to [together@governor.ohio.gov](mailto:together@governor.ohio.gov) or, for small quantities, please contact your local emergency management agency (EMA). A list of local EMAs can be found here: [https://webeoctraining.dps.ohio.gov/ohiocountyEMADirectorList/countyemalist\\_web.aspx](https://webeoctraining.dps.ohio.gov/ohiocountyEMADirectorList/countyemalist_web.aspx).

of Health

Protect yourself and others from  
COVID-19 by taking these precautions.

## PREVENTION

For additional information call 1-833-4-ASK-ODH or visit [coronavirus.ohio.gov](https://coronavirus.ohio.gov).

STAY HOME

PRACTICE  
SOCIAL  
DISTANCING

GET ADEQUATE SLEEP  
AND EAT WELL-  
BALANCED  
MEALS

WASH HANDS OFTEN  
WITH WATER AND SOAP  
( 20 SECONDS  
OR LONGER)

DRY HANDS WITH  
A CLEAN TOWEL  
OR AIR DRY  
YOUR HANDS

COVER YOUR MOUTH  
WITH A TISSUE OR  
SLEEVE WHEN  
COUGHING OR SNEEZING

AVOID TOUCHING  
YOUR EYES, NOSE,  
OR MOUTH WITH  
UNWASHED HANDS  
OR AFTER  
TOUCHING SURFACES

CLEAN AND DISINFECT  
"HIGH-TOUCH"  
SURFACES OFTEN

CALL BEFORE VISITING  
YOUR DOCTOR

PRACTICE GOOD  
HYGIENE HABITS
